Media Statement

To:
From: Tasmanian Infection Control Association
CC: TICA Members
Date: June 10, 2010
Re:

Please find below the following statement on behalf of the Tasmanian Infection Control Association members:

Any correspondence to: Secretary TICA, GPO Box 2041, Hobart,
7001 or

ticasecretary@live.com

End Note:

The Tasmanian Infection Control Association (TICA) is a professional organisation with membership consisting of healthcare professionals working in the area of healthcare associated infections. As such, membership includes microbiologists, doctors, nurses and other healthcare professionals. The total number of members in Tasmania is around 75. The TICA is part of the Australian Infection Control Association (AICA), the membership of which is over 1200 across Australia. The AICA is one of Australia's peak professional bodies in the area of infection prevention and control.
